

## **Measure B, Measure BB and Paratransit ... Your Tax Dollars at Work!**

Measures B and BB are transportation sales taxes administered by the Alameda County Transportation Commission (ACTC). Both Measures fund various projects and programs throughout Alameda County including ADA Paratransit. Union City Paratransit is one of the three ADA-mandated paratransit providers in the County. Union City Paratransit provides origin-to-destination service within Union City and has limited service to Hayward, Fremont and Newark. Registered riders are also approved to ride any other ADA paratransit service in the nine-county Bay Area. Measures B and BB also funds Union City's share of the Tri-City Taxi Voucher program which provides valuable same-day trip options. In Fiscal Year 2018, Union City Paratransit will provide almost 19,000 trips and over 2,000 taxi-voucher trips. It would not be possible to provide these valuable services if it were not for this important funding source. Measures B and BB, your tax dollars at work!
