GENERAL PROVISIONS FOR HOME BUSINESSES

Pursuant to Chapter 1.16 of the Municipal Code, failure to comply with the above stated provisions as well as any other provisions of the Municipal Code, is considered an infraction subject to citation. Please review applicable Municipal Code sections carefully. Below is a summary of the regulations, the full text is available in Chapter 18.32.020.G of the Municipal Code (<https://qcode.us/codes/unioncity/>).

1. Home businesses are only allowed to operate inside legal residences by the resident(s).
2. Businesses with employees cannot operate from a residence.
3. The home business must be clearly secondary to the use of the structure as a residence.
4. No more than 20 percent of the total floor area of the home can be used for a home business.
5. Garages, sheds, and other detached structures cannot be used for the home business.
6. Garages, sheds, and other detached structures cannot be used for living or sleeping in order to accommodate a business.
7. Entry to the designated work area must be from inside the house; no direct access to the outside is permitted.
8. Only one (1) sign that measures one and one-half (1.5) square feet is allowed; the sign must be located flat against a wall or window. No business related displays shall be visible in windows, in front yards, on dwellings, etc.
9. Home businesses that create noise, which can be heard at the sidewalk or by neighbors, are not permitted.
10. Only one (1) business related vehicle is allowed at a dwelling, and the vehicle must be parked inside the garage. If a property does not have a garage, then the vehicle must be parked in a designated carport or parking space. Any vehicle that cannot fit into a standard size garage space (10' by 20') must be legally parked in another city; a verifiable lease agreement is required.
11. All equipment and supplies related to the home business must be stored in the house or inside a truck (1/2-ton capacity or smaller) and parked inside the garage. Business related equipment and supplies cannot be stored outside, in sheds, other accessory structures, or inside the garage (when not on the truck.)

 - h. Clinics, hospitals, and medical related uses.

Permitted home businesses are referred to as "home occupations" in the Municipal Code. A "home occupation" is any use customarily conducted entirely within the dwelling and carried on by the inhabitants of the property, which is clearly incidental and secondary to the use of the dwelling for dwelling purposes and does not change the residential nature of the property. The provisions above are the most common regulations that all eligible home businesses must meet and follow. *It is the responsibility of the business operator to **understand and comply** with all applicable City regulations.*

I agree to adhere to all of the listed provisions. I further declare under penalty of perjury, that to the best of my knowledge, all information contained on the Home Occupation Questionnaire is true and complete.
