This policy only applies to those members who are authorized to carry firearms.

312.2 POLICY

The Union City Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

All other weapons not provided by the Department, including but not limited to edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Division Captain. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable. The firearm shall not be placed back into service until it has been fixed and test fired.

312.6.1 INSPECTION AND STORAGE

Handguns shall be inspected annually and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the less lethal shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed into clearing barrels when unloading or loading the firearm.

Firearms may be safely stored in lockers or another approved location at the end of the shift. Handguns may remain loaded if they are secured in an appropriate holster. Less lethal shotguns

and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

312.6.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

312.6.3 STORAGE IN VEHICLES

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle's interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

312.6.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, or has taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

312.7 FIREARMS TRAINING AND QUALIFICATIONS

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - (a) Unauthorized range make-up
 - (b) Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.7.2 OPEN RANGE

All sworn personnel will have the opportunity to seek additional firearm training during scheduled on-duty qualifications. Open range will be offered during specific times during the on-duty qualification period.

Open range will be an organized voluntary training where off-duty sworn personnel may attend, and depending on patrol staffing and Watch Commander discretion, on-duty sworn personnel may attend. Open range will consist of identified time blocks with pre-designated skill training. Those officers who are on-duty and must qualify will have priority at the range even during open range designated times.

Ammunition for duty weapons will be provided by UCPD during open range days.

Overtime compensation in any form is not authorized. This includes both pay and schedule adjustments for officers who voluntarily choose to attend while off-duty.

312.8 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting and Death Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

312.8.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Conducted Energy Weapon, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.8.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Stray or abandoned injured animals that may be moved or taken to an available veterinarian should not be euthanized. With supervisor approval, abandoned injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed (Penal Code § 597.1).

312.8.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

312.9 GENERAL RANGE SAFETY RULES

The following general range safety rules shall apply:

- (a) To provide adequate safety there must be at least two (2) persons at the range whenever it is in use.
- (b) Extreme care and caution shall be used at all times by those present at the range.

- (f) Sighting, dry firing, or pointing of a firearm behind the firing line or any other place where an accidental discharge might injure any person or property is prohibited.
- (g) Firearms shall not be passed to another person unless the slide is locked back or the weapons cylinder or action is open.
- (h) Firearms shall always be pointed down range when on the firing line.
- (i) No one shall walk in front of the firing line until the line has been cleared by the Rangemaster and all weapons have been holstered or benched.
- (j) If a misfire occurs the shooter shall keep the muzzle of the gun pointed down range and immediately clear the malfunction using trained methods only. If the shooter is unable to clear the malfunction, the Rangemaster shall be immediately notified. The weapon shall be treated with extreme caution until the defective condition has been cleared.
- (k) Firearms shall be holstered and in an unloaded condition at all times on the range, except when firing on a training course, and/or when under the direction of a Rangemaster.

312.10 MAINTENANCE AND REPAIR

Firearms carried on or off duty shall be maintained in a clean, serviceable condition.

312.10.1 MODIFICATIONS OF DUTY WEAPONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster. Firearms that are the property of the department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster. Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

312.10.2 REVIEW, INSPECTION AND APPROVAL OF DUTY WEAPONS

The Union City Police Department provides for the review, inspection and approval of all duty weapons and ammunition intended for use by each sworn employee in the performance of their duties, prior to carrying, by a qualified weapons instructor or Departmental Armorer.

- (g) In addition, Rangemasters will conduct annual inspections during the yearly qualification course. Officers issued Departmental issued handguns or officers who choose to use an individually owned duty firearm will have their firearm inspected yearly for proper function. Firearms requiring cleaning or repair will not be allowed for use on duty. If this occurs to an Officer using an individually owned duty firearm, the Officer is responsible for repairing and cleaning the weapon and must resubmit the weapon for inspection. Any costs associated with repairing the firearm will be the responsibility of the officer.

312.10.3 REVIEW, INSPECTION AND APPROVAL OF OFF-DUTY WEAPONS

The Union City Police Department provides for the review, inspection and approval of all off-duty weapons and ammunition intended for use by each sworn employee in the performance of their duties, prior to carrying, by a qualified weapons instructor or Departmental Armorer.

The procedure for the review, inspection and approval of off-duty weapons are as follows:

- (a) Annually during Departmental qualification range training, the Rangemaster will review, inspect and approve all off-duty weapons used by sworn employees. Written documentation of the inspection(s) and approval will be maintained by the Firearm's Division.
- (b) Any repairs or modifications to the officer's personally owned weapon shall be done at his or her expense and must be approved by the Rangemaster. Written documentation of the repairs or modifications will be maintained by the Firearm's Division.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a bi-annual basis, can demonstrate proficiency in the care, cleaning, and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.

312.12 FLYING WHILE ARMED

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.
