

## COVID19 and Mark Green Sports Center Update: April 24, 2020

Greetings Sports Center Members.

As we enter the seventh week of the Shelter in Place order, it is more important than ever to stay active and healthy. Although we do not have a set date to re-open the Mark Green Sports Center, we are working hard to bring you fitness at home.

Please follow our [Virtual Community Center Sports and Wellness Page](#) for FREE workout tips, fitness classes, and sports tutorials. Stay tuned as we bring more videos and live stream classes soon. You can also view the workout videos on Channel 15 (Comcast).

Please keep in mind we have suspended all payment plans and no credit cards should be charged during the time of the shutdown. Please disregard any charge reminders from Rec1 or CivicPlus for they are a third-party entity who handles our registration software. We are in contact with Rec1 and no further email payment reminders should be sent out. We will be extending membership dates for fully paid members based on how many months we are closed.

We do miss all of you deeply and are anxious to get back into a routine. We thank you for staying home and we hope to see you all soon!
