

I am a lifelong resident of Union City. I am also a single father raising my 15-year-old daughter. I was raised by my grandparents who taught me the value of hard work, playing by the rules and living by the Golden Rule.

I graduated from James Logan High School in 1989 and was on the first Forensics team led by Tommie Lindsey. I attended Chabot College and CSU Hayward, earning my MBA.

I have been your Councilman since 2018. In that time, I have seen the financial situation of our City. In the past eight years we have had anemic growth, budget deficits and tax proposal after tax proposal.

We must re-think the way we run our City. We must change processes and the culture to make it more inviting to businesses and more responsive to its residents.

I will use my background in business and finance to help make that change. As a Director and Treasurer of Tiburcio Vasquez Health Center, we brought fiscal stability and a comfortable reserve.

I will work to reduce crime, encourage collaboration, bring quality jobs and fight for social equity.

I will work with all in the community to make this happen. Thank you and I hope I have earned your vote.
