School Daze is similar to our summer day camp program - lots of safe, recreational fun! However, it will also include supervision and academic assistance during the child's virtual class time, as well as homework help. In order to offer childcare in a safe and healthy environment, this program will be offered in 3 or 4-week sessions with consistent groups, thereby allowing some flexibility for any potential changes in the school district's schedule or Alameda County Public Health guidelines.

**This program is for children going into 1st - 5th Grade*
