

CAREGIVERS WANTED!

敬邀照顧者 / केयरटेकर चाहते थे / CUIDADORES DESEADOS

UNIVERSITY OF CALIFORNIA -SAN FRANCISCO investigators are inviting Asian Indian, Chinese, and Korean dementia caregivers to participate in a focus group study on caregiving experience and physical activity. Focus group sessions will take place through Zoom or telephone in Chinese, English, or Korean about 90 minutes.

Participants must be:

- Asian Indian, Chinese, or Korean American
- Aged 50 years or older
- Family caregivers who currently provide more than 5 hours of care per week or who used to provide more than 5 hours of care per week to persons with dementia

The eligibility of study participants will be assessed through telephone screening and those who meet the eligibility will be invited to a focus group session. **In return for your time and effort, you will receive \$40 (cash or gift card code) for taking part in the interview.** If you are interested in the study please contact:
