

COVID-19: Recovery, Replacements, and Restoration

As the COVID-19 pandemic continues to be felt throughout the San Francisco Bay Area and the nation, there has been good news to report:

- The Federal government provided funds through the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020 to keep transit operating and clean.
- Union City Paratransit has ordered four (4) new vehicles including one (1) electric vehicle to serve paratransit customers.
- Paratransit Plus set to return July 1, 2021 to provide access to select locations outside of the Union City Paratransit ADA service area.

Union City Paratransit service is partially funded by Measures B and BB transportation sales taxes. These funding measures helped make it possible to continue providing the same amount of service that Union City customers expect through the ongoing COVID-19 pandemic. Measures B and BB, your tax dollars at work!

Thank you for supporting public transit and thank you for riding Union City Paratransit!
