

Attachment C: Local Streets and Roads Program

Newsletter – FY 2020-21 Measure F (VRF) funded Bicycle & Pedestrian and Local Streets & Roads Projects

[Alameda County Transportation Commission \(Alameda CTC\)](#) administers the voter-approved Alameda County Vehicle Registration Fee (VRF) known as Measure F which collects \$10 during vehicle registration process and proportionally distributes the funds to the various agencies.

In FY 2021-22, no Measure F funds were used on the City's Bicycle/Pedestrian projects. Funds were only used for Local Streets and Roads and only for maintenance of City infrastructure. City has planned for use of Measure F funds on significant street rehabilitation & restoration projects.

Measure F funds will continue to be essential in addressing transportation related needs within the City.

Additional information on Alameda County Transportation Commission (Alameda CTC) funded City projects is available on City's website at [Alameda CTC Funded Projects](#).
